Belmor's rugged, heavy-duty Bug Screens attach easily to the front of the grill, protecting radiators from bugs and debris while keeping bug splatter off chrome trim. Made of fiberglass or heavy duty aluminum mesh bound with reinforced vinyl, they come in different styles including the American flag and **can even be customized with your fleet or company logo**. All mount easily with snaps (included) or turnbuttons (hardware kits sold separately). When winter comes, switch out your Bug Screen easily with a Belmor Winterfront using the same hardware.

Reduce time and money spent cleaning your grill and chrome with Belmor's rugged, heavy duty Bug Screens. **For more information, go to www.belmor.com, or contact Belmor Customer Service.**
